

LIFEscape

The 5th and final conference

Lund the 24-25th of September 2013

The South Baltic Program project LIFEscape invites you to the final conference in Lund, Sweden the 24th and 25th of September 2013. The aim of the project is to show how the European Landscape Convention can be implemented on local and regional levels. The eight partners have worked for more than two years in four pilot areas to try out methods and tools for dialogue with stakeholders in planning and management. The results will be presented at the conference and we will also have the opportunity to see the Pilot area shared between Lund and Sjöbo municipalities.

The conference will be held at Grand hotel in central Lund, just 200 meters from the railroad station.

Program

Tuesday 24/9

Theme of the morning: The European Landscape Convention (ELC)

17:20 Film about the Vomb area

17:30 Closure of the first day (Guided City tour for those who want to go directly to the dinner)

19:00 Dinner

Program

Wednesday 25/9

Excursion to the Pilot Area Vomb valley

The intention of the excursion is to show the work done in the pilot area and meet some stakeholders and hear their opinion. We will also visit one of the most valuable nature areas in South Sweden and get a introduction to the landscape. The excursion should be interactive and we hope the participants will take part in the discussion.

09:00 Departure from Lund, Grand hotel

We will pass the Revingehed military practice area which is part of the pilot area.

09:45-10:20 Stop at Silvåkra with coffee break

Silvåkra is a good place to watch birds in Lake Kranke from the observation tower or the hide in the reed. Here is also a small recreation area with shelter and grill facilities.

We will then pass the Vomb meadows with rich birdlife and historical irrigation system and the small village Vomb.

10:50-11:50 Stop at Ljungen, ceremonial opening by the nature reserve Ljungen

Today the new nature reserve Ljungen will be officially opened and we take part of the ceremony. This is a wonderful wooded pasture on sandy soil with mainly oaks close to the Klingaväls river.

12:00-13:00 Lunch buffé at Hemmestorp watermill

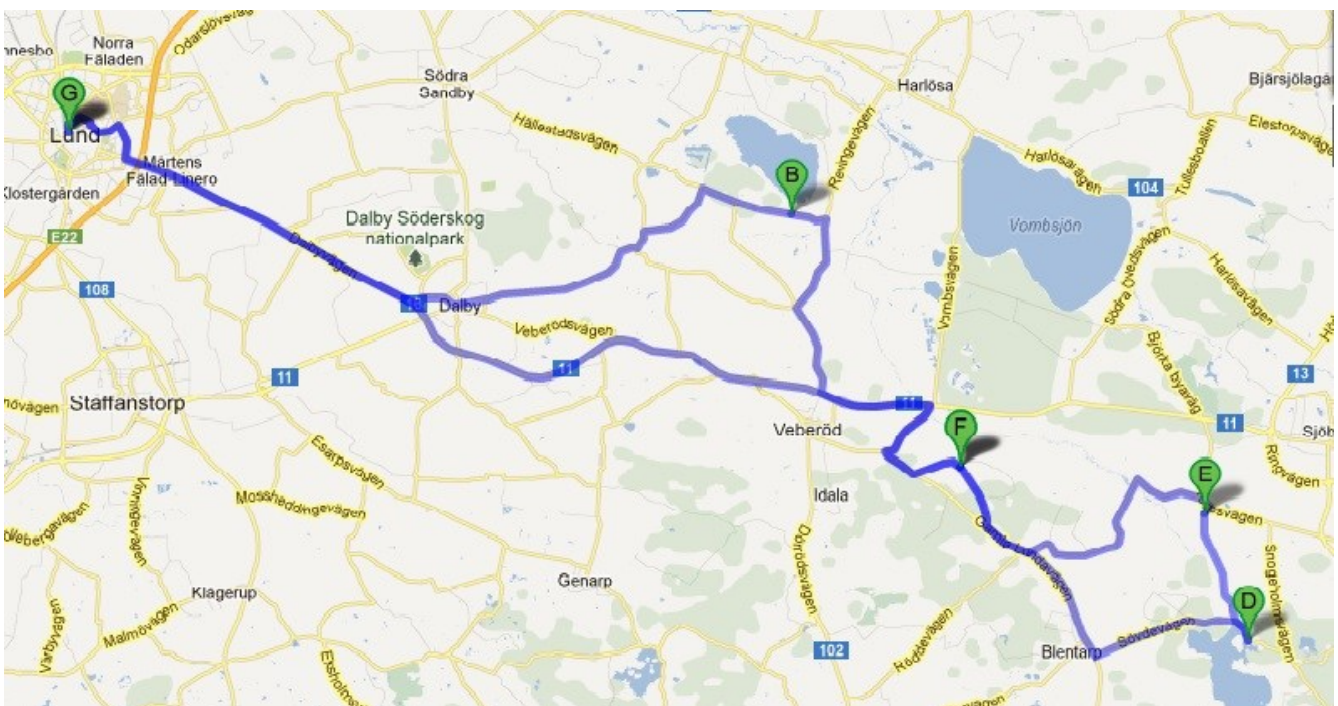

We drive pass the village Blentarp on our way to lake Sövde.

13:30-14:10 Stop at Sövde Lake

Now we enter Sjöbo municipality and by the lake Sövde we hear more about the work in Sjöbo and the values of the southern part of the pilot area.

We drive pass Illtorp church and down to Kumlatofta old village.

15:00-15:30 coffee break at Hemmestorp water mill

Registration

Register to the conference by sending an e-mail to per.blomberg@lund.se

You have to inform us on the part of the conference you will participate in and if you have special demands on food.

- ✕ The 24 /9 conference and lunch
- ✕ The 24/9 evening dinner
